Funding provided by the
California State Pandemic Influenza Program

HELLO!

I want to teach you how to be a **GERMINATOR** like me. Lets learn together how to defeat Jeremy Germ the filthy, grimy, grubby bad guy who loves to make healthy kids like us sick.

This is our arch rival JEREMY GERM

First we need 2 simple tools

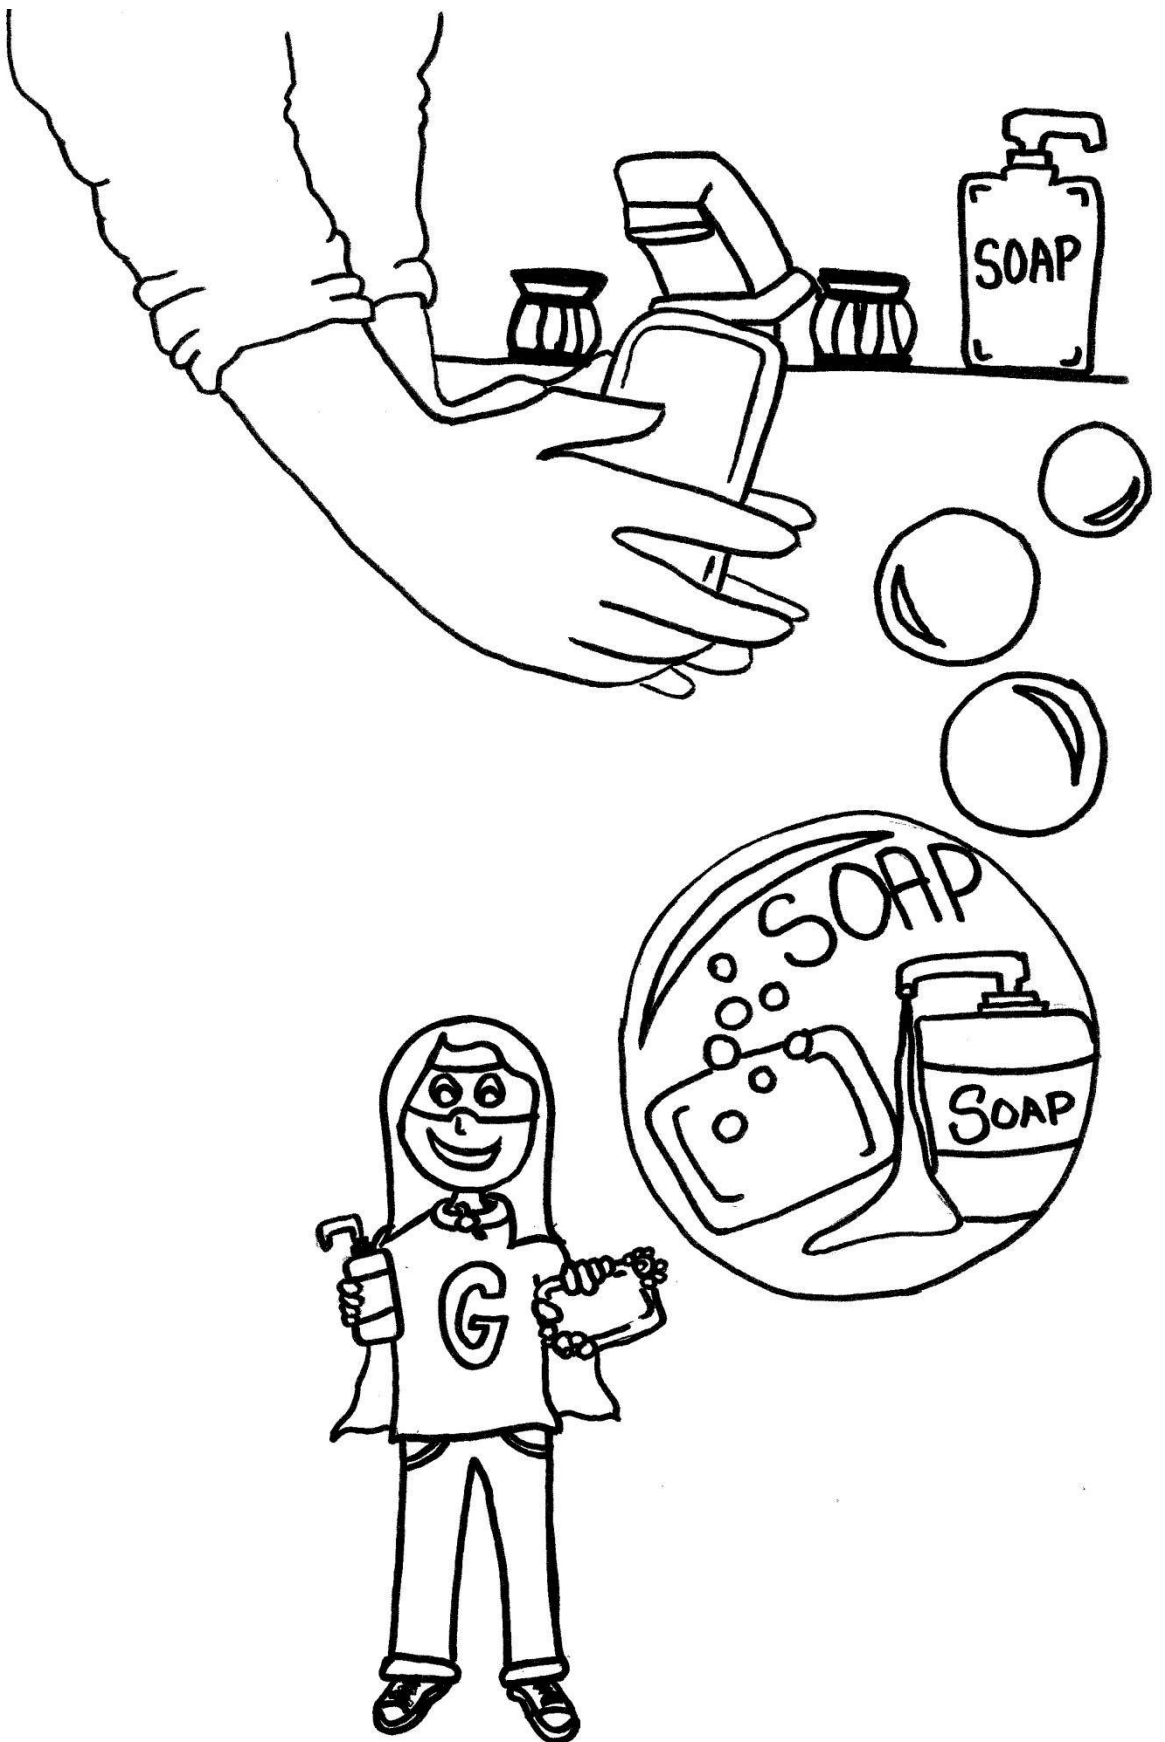

SOAP

WATER

1st ~ We rinse our hands with water

2nd ~ We get soap and make a lather

3rd ~ We scrub all over our hands and under our fingernails for 20 seconds

4th ~ Rinse again to send the nasty germs
down the drain

5th – Dry your hands with a clean towel,
VOILA!!! Germs are gone

Connect the dots
to make your own
JEREMY

Trace your clean hand

What is missing?

I AM A
GERMINATOR.

You are a
GERMINATOR

Always
remember to
wash your
hands and
together we will
defeat
JEREMY GERM

WASH

YOUR

HANDS
