CREATE AN EMERGENCY SUPPLY KIT

Just think about all the things your family uses every day. Hmm. Clothes, money, TV or radio, books . . . and don't forget about food! Learn how to build an emergency supply kit that includes everything your family needs.

These fun games and activities can help your family build an emergency supply kit that keeps everything you might need during an emergency in one place!

Pack It Up

[This fun game](#) will help you remember what your family should pack in your emergency supply kit!

Family Supply List

We recommend that every family keep [these items](#) close by. (PDF 230Kb)

Scavenger Hunt Family Game

You and your family can collect items for your emergency supply kit during a [family scavenger hunt!](#)

Print two copies of the [Family Supply List](#). Then separate your family into two teams with adults and kids on each team (if possible) and assign each group a different list of items. Set a timer and see who comes back first!

Final Check

Make sure you haven't forgotten anything important (like your favorite CD!) with [this fun activity](#).
