Make an Eagle Book Character with Easel Stand

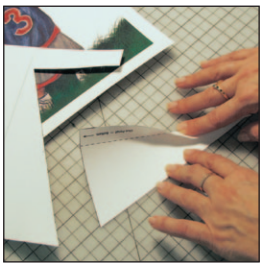
1. Print the Easel Stand and the Character.

Use heavy card stock, or glue the prints to cardboard.

2. Cut out the Easel Stand along the *solid blue* line.

Option –

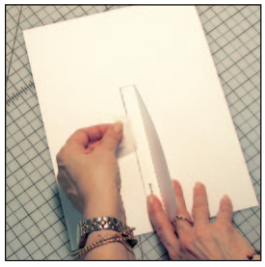
To Make a Cut-out Character, cut away the white border from around the Character.



3. Fold the Easel Stand along the *dotted red* line to create the Glue Panel.

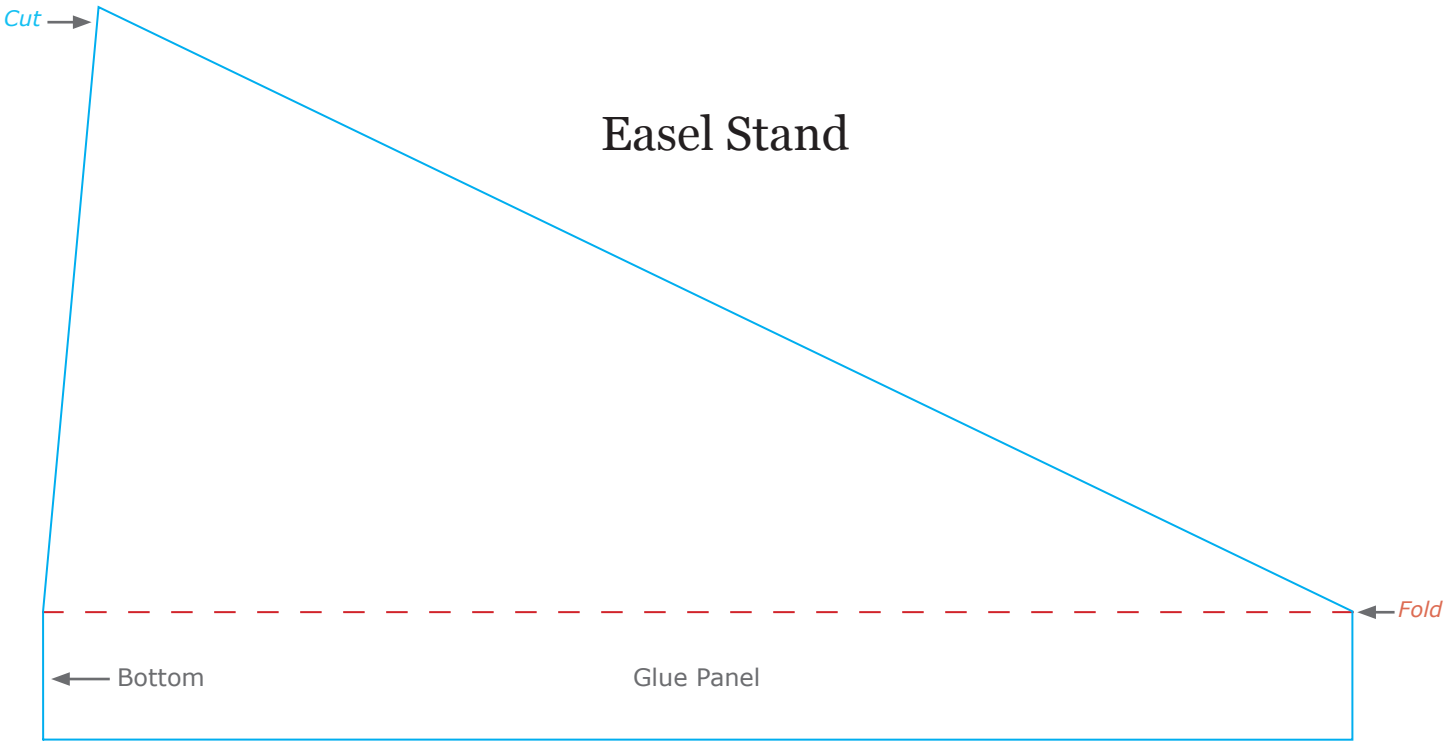
4. Position the Glue Panel at the center of the back of the Character.

Line up the bottom edge of the Glue Panel with the bottom edge of the Character.



5. Attach the Glue Panel to the back of the Character with glue or tape.

Please Note:

The size of the Character is limited only by the size of the printer.


To print a larger Character from this file, contact a printing or copying company.
