

Helping Your Family **SAVE MONEY**

Hello, my name is Cody! Here are some ideas to help you and your family save money.

Look online for free activities in your community or ask your local librarian.

Buy less juice and soda. Drink more water.

Find coupons for best deals.

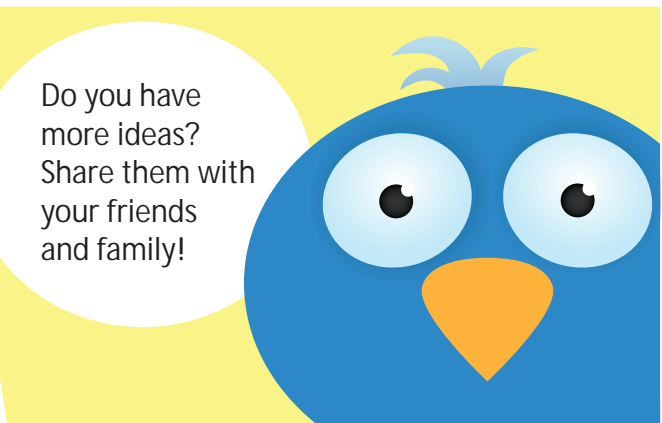

Sell your old stuff at a yard sale. Put the money in a savings account.

Shop the sales rack or clearance section. Thrift stores have good deals too!

Do chores or babysit for family and friends to earn extra money.

Do you have more ideas? Share them with your friends and family!
